TECHNOLOGY

TEXTURING

THROUGH EMOTIONAL DESIGN

TECHXTURE is merging seamlessly technology and textures to generate extraordinary design objects.
A product design brand that blurs the boundary line between art, design, technology and user experiences.

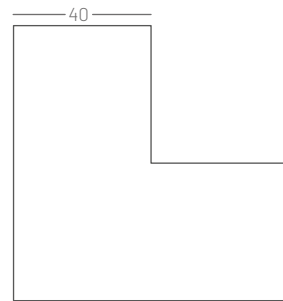

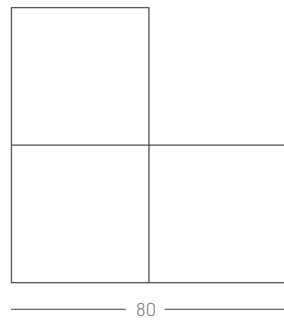

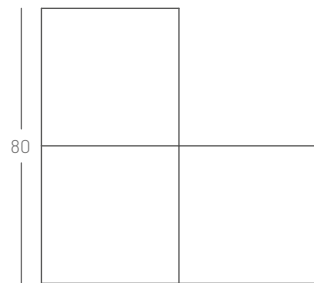

VOXEL. COFFEE TABLE|SIDE TABLE

In computer graphics, a voxel represents a value in a regular grid in a three-dimensional space. The name voxel is a neologism originated from the mix of words "Volume" and "Pixel". Using a bottom-up strategy from the particular to the whole, we start from a unit that breaks down into multiple forms and functions. An intelligent and versatile module, a three-dimensional Tetris that operates as a furniture maker. Coffee tables, side tables, stools, long chairs. Freedom of creation. The Engineering stone helps to increase the resistance to the piece and adds a contemporary aesthetic.

A creative 3D lego and modular furniture maker.

The voxel unit is available in two different dimensions to better fit your needs.

NAME VOXEL

CODES M
White Snow 10T2020001
Graphite 10T2020002
Limestone 10T2020003
Orange 10T2020004

L
White Snow 10T2020005
Graphite 10T2020006
